

Color Your Health!

Third Annual Art Contest

Sponsored by

Berks Community Health Center

Use your creativity to show what being healthy means to YOU. From eating fruits and vegetables to playing outside, exercising, staying happy, and practicing self-care—there are so many ways to be healthy! You can use crayons, markers, paints, or any art supplies you love to create a colorful picture that shows you ideas of health and wellness. Whether it's drawing a picture of a healthy meal, friends playing a sport, or a happy family going for a walk, we want to see how you "color their health!"
